Kit,
you are a real worm!
but I love ya. I hope I
have you in some of my
classes. You really have
a fantastic personality
and I think you are
great because you always
keep me laughing. Stay
funny and Good Luck
in all you do.

 Well I have
 known you practically
 all of my life. And I am
 glad that I did. And I hope
 to see more of you in future years,
 and I wish the best for you in all
 that you do. Wood-Duck in the future

September begins a new school year and with it comes confusion: like the bits and pieces of a puzzle before it is joined. As seasoned veterans, the Seniors are needed to lead Student Life at Waite High School. Athletic events provide the first opportunity to display pride in our school, whether as a participant or a cheering spectator. Activities play an important part in bringing together the pieces of the puzzle by uniting people with common interests. A major portion of the picture is Underclassmen whose participation help make these events successful. The Academic section is needed to give the students a firm background of knowledge from which they can work. The final fragment, the pride displayed by the Community's Interest, gives us the whole product, the school as one.

Rex,

a real sweet guy whom I've
known for along time. Hope
we will be good friends forever!
Hope we'll get a class together
next. See ya next year or
in the summer. Good luck
in everything you do!

all the girls but
I wish it was ME
you're B-Kinning for
you Good Luck
HOPE ya NEVER
MARRY GERAGHTY

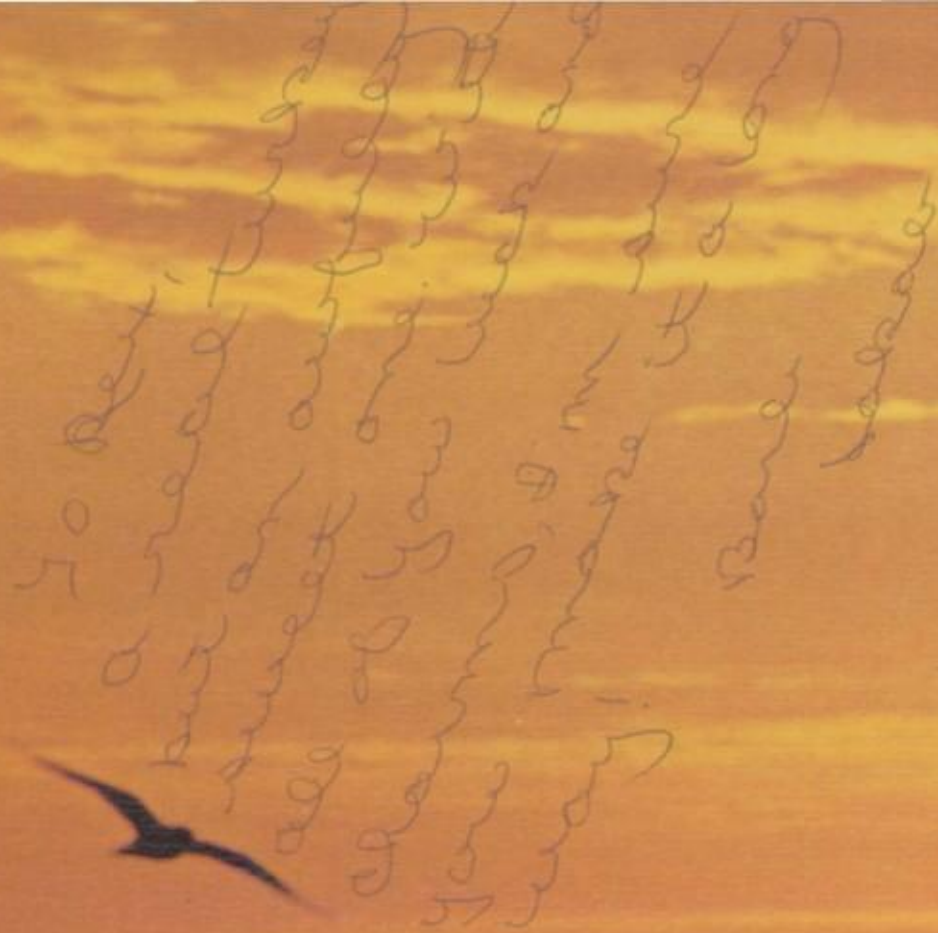

I AM THE NATION

I was born on July 4, 1776, and the Declaration of Independence is my birth certificate. The blood-lines of the world run in my veins, because I offered freedom to the oppressed. I am many things, and many people. I am the nation.

Yes, I am the nation, and these are the things that I am. I was conceived in freedom and God willing, in freedom I will spend the rest of my days.

May I possess always the integrity, the courage, and the strength to keep myself unshackled, to remain a citadel of freedom and a beacon of hope to the world.

This is my wish, my goal, my prayer in this year of 1976, two-hundred years after I was born.

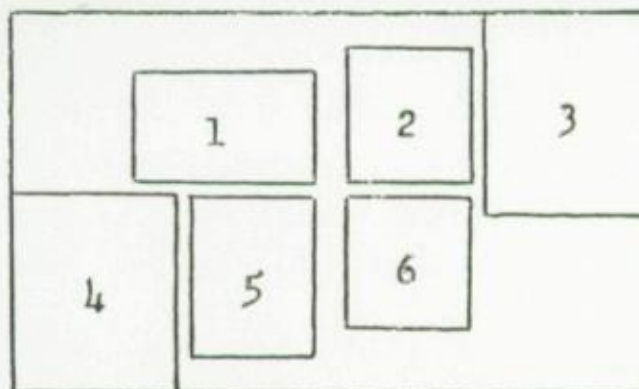

To Rex

If I could make
that face. I would look
dumb. But its funny
I think just like me
Stay sweet d my friend
Love
Elsa

It is time . . . for what?

Time . . . and eternal document, providing a system too complicated to ever conquer.

Determining our very existence upon earth.

Time . . . was, is, and shall be.

Essentially a part of us, as we each rush for the final act of living before the future meets its end.

It is time for a self-discovery.

Time for uniting our ideas in a way favorable to us all.

Time for reaching out to touch a friend for all the world to see.

Time for being your own — not another.

It is time to change.

It is the best time for happiness,

in meeting friends at places we often label our own.

It is time for remembering when the days grew lonely;

It is time to be on your own;

It is time for becoming adults.

Time for leaving friends, parents, places.

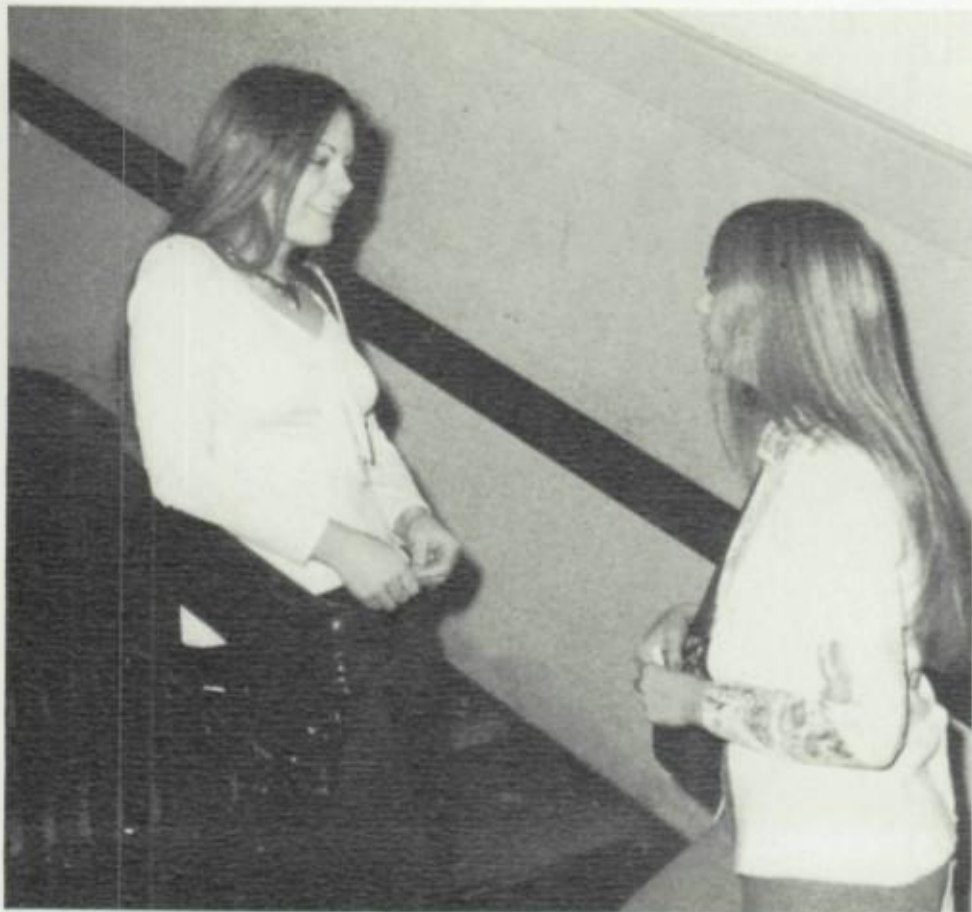

Time for making new experiences good.

It will soon be time to make your own the best way it can be.

Time is of no essence or use when wasted.

It is your greatest asset when used with wisdom and diligence.

SENIORS it's your . . . time!

board of education

Frank Dick, Superintendent

Like a giant jigsaw puzzle, a school is made up of many pieces that interlock into a pattern with each piece being as important to the complete picture as any other piece. The school administration provides the framework into which the faculty, students, and staff combine to form Waite High School. Each of these must work together to interlock and bring about the total learning experience for which we are striving.

Looking toward the future . . .

As supplies of natural gas and oil continue to grow scarce, electricity will play an even larger role in meeting the expanding energy needs of our society. That's why Toledo Edison is developing new sources of energy, such as nuclear power, and planning ahead for the power needs of 1990 and beyond.

We're determined to meet this challenge and provide the best possible electric service for your generation and others that follow.

as the living
are to the dead."

-Aristotle

So live a little.

A Toledo based, multinational, two billion-dollar manufacturer of packaging materials in glass, plastic, paper and metal as well as a dynamic variety of non-packaging items for diversified markets, takes this opportunity to express support for education and for the young men and women who will make tomorrow just a little bit better than today.

On behalf of the 1975-76 Warrior Staff and myself I would like to thank the following people for their help and effort in making this publication possible:

Norfolk & Western Railway for the use of the excerpt of the poem, "I Am The Nation."

Mr. Beltz of Northwood Studios for his patience and his fine photography.

Mr. Bynum of Hunter Publishing Company for his concern and help to meet each deadline.

The American Revolution Bicentennial Administration for their time and for the pictures they sent us.

The staff for their contribution to the book.

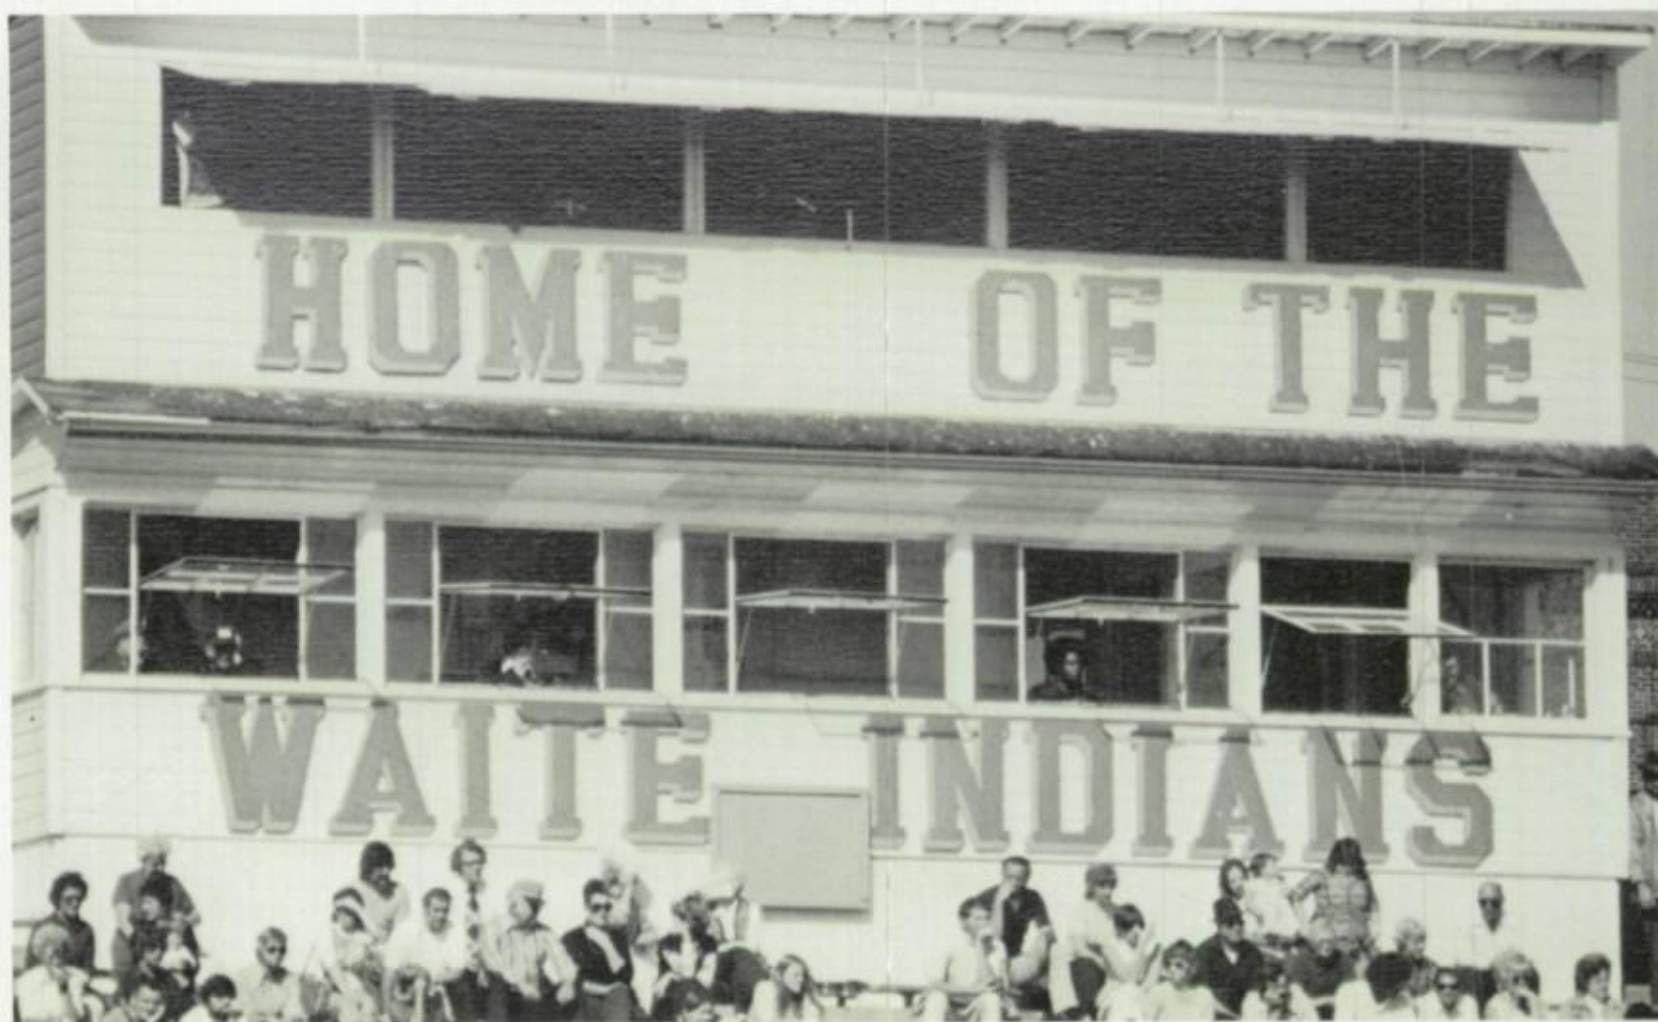

And I would especially like to thank Mrs. Bellville and Miss Iwanoff for their support and encouragement they gave me.
